

KEY OUTCOMES

COLLABORATION IS KEY!

We don't need to reinvent the wheel: there are already youth programs on which we can connect and collaborate. WWF-NL must have a capacity building and convening role.

YOUTH ARE EXPERTS TOO!

The youth are eager to work on a Nature Youth-led Movement that brings youth from all backgrounds together to fight against polarization and negativity towards the environment. Food & Young farmers are subtopics of priority for the youth.

YOUTH WANT MORE!

- **Education/capacity** on nature-based solutions, food, and locally-led adaptation;
- **Involvement** in discussions and decision-making;
- **Compensation** for their time, input, energy;
- **Follow-ups:** clear and transparent communication about what is done with their feedback and ideas.

YOUTH VALUED WWF CONVENING POWER!

The youth have asked WWF to work together to create a Strategic Plan for taking real action: through a platform that brings together the youth towards a shared vision for nature in the Netherlands.
